WALK-AROUND MENTALISM

David seamlessly mingles with guests, creating unforgettable, mind-blowing moments in small groups. Perfect for networking events, cocktail hours, and social gatherings, his walk-around performance energizes the room and sparks conversation. Customization is available to incorporate your brand, theme, or key messaging — making this option an ideal choice for trade shows, where David can also drive traffic and boost brand visibility at your booth.

SHOW + WALK-AROUND COMBINATION

David will craft a fully customized, high-energy stage show designed to celebrate your people, milestones, and message. His interactive performances make every guest feel like part of the experience. Included with every show is a session of walk-around mentalism — either before or after the performance — depending on your event flow. This package is the perfect way to highlight your brand while delivering amazement that stays with your guests long after the event ends.

EXECUTIVE EXPERIENCE

This premium option takes customization to the next level.

David will tailor the show specifically to your audience, creating custom routines, materials, and branded giveaways crafted just for your event.

As part of the Executive Experience, David will also produce a custom teaser video for you to share beforehand — building excitement, buzz, and anticipation leading up to the big day.
